OREGON REPRODUCTIVE MEDICINE

A Gesture of Appreciation

If you wish to personally thank your donor for her gift to you, you may leave a card expressing your gratitude. An anonymous note of thanks from the heart can be a meaningful way to convey the depth of your appreciation. If you chose to give your donor a card, please do not include any identifying information in order to maintain anonymity. Please deliver the card to one of the centers donor coordinators unsealed prior to the egg retrieval date so that it can be given to her immediately following the egg retrieval.

Some couples choose to give a small gift with their card. We support and encourage that. If you choose to do this please limit your gift to no more than \$50.00. You will need to make arrangements with one of the donor coordinators to deliver the gift to the clinic, and please do not wrap your gift, as the gift needs to be received and examined before it's given to the donor. We find that a nice pretty gift bag, with tissue paper with a gift inside works really well.

Sharing with your donor how much her gift has meant to you is truly touching and helps to make this a very rewarding and meaningful experience for her.
